The Secretary,
Public Contracts Review Board,
Notre Dame Ditch,
Floriana,
FRN1601

Dear Sir/Madam,

We would like to inform you of our intention to withdraw tender SPD6/2023/045 – Tender for the Provision of Services to undertake a feasibility study exploring various waste management approaches in the Maltese Islands.

Given the nature of the study was time-bound, and required by July 2024, it is now not feasible to move forward with this procurement process, Consequently, it is our intent to withdraw the tender and not proceed further with this procurement in terms of Article 18.3b of the General Rules Governing Tenders.

Thank you in advance.

Yours faithfully,

David Muscat

Director
