Re: OBJECTION: SPD6/2025/112 – FRAMEWORK CONTRACT FOR THE PROVISION OF HEALTH AND SAFETY PROJECT SUPERVISOR SERVICES ACROSS VARIOUS TRANSPORT MALTA SITES IN MALTA, GOZO AND COMINO – LOT 2 (GOZO AND COMINO SITES)

Reasoned reply of the Authority for Transport in Malta (“the Authority”) to the letter of objection lodged by Centerline Services Limited (“the Objector”) on the 11th of September 2026.

Whereby the Authority informs this Honourable Board that during the evaluation committee’s evaluation process, the Objector’s response to the evaluation board’s clarification request was not *prima facie* available to the evaluation committee. Therefore, and at that stage, and from the information available to it at the time, the evaluation committee concluded that the Objector did not lodge a response, hence moved to discard the Objector’s bid.

Whereby, the Authority informs this Honourable Board that it intends to re evaluate the offers in question.

This decision is being taken without any admission of responsibility whatsoever, and without prejudice to the eventual decision of the evaluation committee which shall conduct the re-evaluation process.

The Authority also requests that a decision is reached without holding a hearing, unless objected to by the Objector or any interested third party, and in such case, the Authority submits itself to the decision of this Honourable Board.
